

How to make a Snuggle Blanket

Materials needed:

- 2 pieces of fabric per blanket
 - Cat size: 24" x 18"
 - Dog size: 36" x 48" or larger
- Scissors

Step 1

Line up and cut two pieces of fabric. To measure size, add 8" around the entire rectangle.

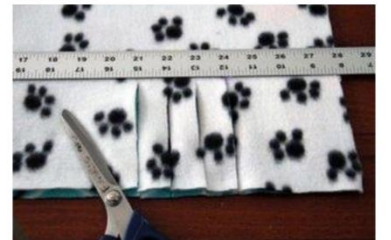

Step 2

With both fabric pieces stacked on top of each other, measure 4" from each side of a corner. Cut to remove the 4" square corner.

Step 3

Cut 4" strips along each edge, roughly 1" apart.

Step 4

Tie the top and bottom strips together around the entire edge. Double knot each so they stay together.

Note: If you will be donating your blankets to your local animal shelter, please do not add filling.
